Introduction

*"Why, man, he doth bestride the narrow world
Like a Colossus; and we petty men
Walk under his huge legs, and peep about
To find ourselves dishonorable graves.
Men at some time are masters of their fates:
The fault, dear Brutus, is not in our stars,
But in ourselves, that we are underlings."
Julius Caesar (1599) act 1, scene 2 Shakespeare*

The subject of Fate or Destiny has triggered many a philosophical argument. What is destiny? Are the details of our lives pre-destined? How much free will do we really have? These are imponderable questions. This report does not offer the answers. Rather it gives us some signposts to help us on our life journey.

When meteorologists forecast the weather we understand that they are not telling us how to live our lives. Rather they are giving us information that may help us make our own decisions. As far as the weather is concerned our major decisions are whether or not to dress warmly or to take an umbrella. The astrological system of Transits is offering us much the same information. It is giving us an indication of the emotional and intellectual weather of our lives. It is up to us to decide our own destiny.

When using this set of interpretations, please bear in mind that, inevitably, every chart will contain some contradictory influences, and as a result certain interpretations of different items in the same chart may seem difficult to reconcile. However, this may still be an accurate reflection of what is happening to the individual whose transits are being interpreted, as people do experience conflicting desires, events and circumstances in their lives. It is the responsibility of the astrologer to synthesise these apparent contradictions in order to present a cohesive and realistic interpretation of the dilemmas of the chart.

Each entry in this report relates to an astrological event that affects the natal chart for this individual. The entries are sorted by the exact date on which each event occurs, and the period of time around this date during which the events are considered to be in effect is shown in parentheses on the same line. Note that due to occasional retrograde motion of some planets, some events may be exact on two or more dates, and in this case all such dates are listed on the same line. Also, any events which are not exact within the report period, but whose period of effectiveness overlaps with the report period are included.

TRANSITING NEPTUNE TRINE RADIX ASCENDANT - This is the ideal time to start an artistic project or to take a vacation with a loved one. You are intuitive, creative and at peace with yourself. As a result you are able to be very creative in your personal goals and pastimes. You are also a very pleasant companion. Your demeanour is such that others are attracted to you and enjoy spending time with you. You are also a good listener right now. Others will tend to confide in you, appreciating your sympathetic manner. You have an inner knowing about many things and others are inspired by your thoughts and ideas. You may also be offered opportunities to pursue your spiritual and creative interests. For instance you might enjoy going more frequently to the cinema, taking up meditation or spending time near the ocean. Anything artistic or inspirational holds great appeal now and offers you the opportunity to learn more about yourself in a gentle and uplifting environment.

TRANSITING CHIRON CONJUNCTION RADIX MIDHEAVEN - As Chiron goes over the Midheaven in your chart you have the opportunity to bring a new spiritual dimension into your career. The path to this dimension is not necessarily easy, but it is ultimately rewarding. It may be that you lose a job, which at the time seems very painful. Later you will see that this has actually paved the way for a new healing lifestyle. On the other hand, you may now be presented with opportunities to heal and teach in your present job or offered new studies which will open up new paths for the future. In some cases you may meet a significant person who will help you on your path. Whatever the circumstances you will look back on this time as adding a spiritual dimension to your life path.

11 Mar 2022 (2 Mar 2022 to 20 Mar 2022)

TRANSITING SATURN OPPOSITION RADIX MERCURY - This is a tense period during which you seriously question your life decisions, reassess your goals and attempt to make changes in your personal habits. On the positive side you are gradually gaining insight on past events. Your experience in certain areas of your life has taught you some valuable life lessons. As you face the past you are ready to tackle the challenges of implementing your knowledge and skills in a manner that truly reflects your own values, experience and goals. In other words you have gained some wisdom and are ready, willing and able to both implement this in your own life and share this with other people. The problem is that others may not be ready to listen to you. Perhaps they have grown accustomed to viewing you in a certain light or perhaps they just refuse to change. Either way close personal and professional associates are likely to be uncomfortable with the changes that you are trying to make. Communications are fraught with difficulties and achieving your goals is hard work during this period. This is particularly true of committed relationships, business contracts, communication networks and financial exchanges. You also start to realize that you are currently living with the consequences of decisions made in the past, and need all the patience that you can muster to make the necessary changes. You may feel tense, as if everything is hard work. It is not an easy time to finalise any plans with long-term consequences, however; you can work slowly and steadily towards your goals. By the end of this transit you should have a clearer idea of your true options, knowing what can be compromised and what cannot. Sound business and personal relationships will be sustained, but those that no longer serve you are likely to be discarded as you seek to be truer to your own sense of purpose.

TRANSITING JUPITER CONJUNCTION RADIX MIDHEAVEN - You have reached the culmination of a cycle in your life and are ready to reap the rewards of seeds sown earlier. Your career and home life are particularly influenced by this phase. The rewards depend largely on whether or not you have sown your seeds on fertile ground. If you have squandered opportunities in the past, not paid attention to details or shirked your responsibilities then you could find this a difficult time. However, it is far more likely that you reap the riches of past actions. You have opportunities to expand your career choices either through study, promotion, new job opportunities or a change of direction. You may even become a parent, if this is one of your life goals. You may study or travel in order to expand your professional choices. Whatever the circumstances you are feeling confident and now is a good time to broaden your professional horizons. Beware only of over-confidence that could lead to taking on too much or making unwise choices. Consider your career prospects and professional responsibilities carefully. Your home life may also benefit as a result of your advances in your career. Take care not to neglect your family and everyone should enjoy this worthwhile phase.
